## Bachelor Programme: Admission Information for 2018/19

A prerequisite for admission to the TransArts bachelor degree programme is the determination of artistic aptitude in the framework of an **entrance examination**.

The examination consists of two parts and is used to assess exceptional visual talent and the ability to combine this talent with other creative or cognitive skills.

First part: Assessment of the submitted **portfolio and supporting documents**

Second part: **Practical work** on a posed topic, personal **interview**

Upon **registration**, the following must be submitted:

- a portfolio of artistic sample work,
- a curriculum vitae, and
- a letter of motivation in which personal expectations from the programme are explained.

### **Portfolio**

- free choice of format (maximum portfolio size A1)
- the portfolio should document the current state of your artistic approach in the medium of your choice. There are no boundaries to the scope or topics of the work, whereby the aspect of topicality in connection with contemporary art and its discourse is an important criterion.
- content: e.g. project ideas, visualised concepts, drawings, photography, videos, documentation of three-dimensional work, documentation of performances, etc.
